Subject: rate card background

Attachments: WIN-PFS Transaction Structuring Application FINAL.pdf

---

Bill – this is the original application for the Social Finance / PFS / Rate Card technical assistance grant. You can see from the budget the information about/intention for the evaluation.

The \$1M for this PFS / rate card contract has NOT been funded yet. That commitment that was made by WIN in exchange for all the technical assistance by Social Finance and Sorenson has not yet been fulfilled. That's in discussion as you know, and Dorcus is working on it. I hope we'll get a conclusion for it by November.

It's important to note for your purposes here that the evaluation was specifically to be embedded for the rate card project.

The funding for the CEO contract which is well underway, and happens also to be for \$1M, is different from the rate card /pfs contract. Remember that Kevin went ahead with the CEO contract to get the ball rolling on offender re-entry programming. It's something he and Desi had been talking about and met with us/crime commission during OSC 3 planning about way before the rate card/pfs project came up as an option.
